

# 3. AVAILABLE

*Eric Asio*

## INTRO

Dm  
Am

Am/G

You can find me any day.

## VERSE 1

I see love in the little things  
Sweet promises and verbal rings  
Although lately it feels cold  
I don't get knocks upon my door  
I wish things could be different  
A world without all the distance  
A fight without life's resistance  
One where we're all pulled out of  
indifference

## PRE-CHORUS

Cause something unsettles in the waves  
when I look at you  
Don't I remind you of the things that  
hold onto you

## CHORUS

Is my love affordable for you?  
Is my love available to you?  
Or am I just another drop of shame,  
in the ocean of your pain?

## VERSE 2

You know all that you need to know  
Before you've heard too much and close  
the door.  
Cause you don't want to hear me cry  
You don't know how to dry my eyes.  
Another scream on the news today  
In a distant land, so very far away  
And all the noise starts to sound the same  
Or maybe your perceptions changed.

## PRE-CHORUS

Cause something unravels in the waves  
when I look at you  
Should I remind you of the things that  
hold onto you

## CHORUS

Is my love affordable for you?  
Is my love available to you?  
Or am I just another drop of shame,  
in the ocean of your pain?

## Am/G

You can find me any day.

G G $\flat$  F

Is my love affordable for you?

Is my love available to you?

Am

Or am I just another folded page

in the chapter of your play?

Am/G

You'll come back to me someday.

## BRIDGE

E7 Fmaj7

Some day, you'll look in the mirror and  
see

E7 Fmaj7

my face

Daunting as your secrets touching

B $\flat$  maj7

sun rays

And in the midst of all the walls I know  
that

E7 Fmaj7

Sometimes,

There are pieces sticking out that don't

E7 Fmaj7

fit neatly, and

B $\flat$  maj7

suddenly you're not so different from me

E $\flat$  maj7

Maybe, you'll see

A $\flat$ /D $\flat$

For a second the way I was made to be  
seen

If only I was

## CHORUS

You'll come back to me someday

C/D

Is my love affordable for you?
