

9. IMPERFECT PEOPLE

Eric Asio

INTRO

B / Bsus4 /
B

VERSE 1

B/F# G#m7
The image that I have built
B/E B/D#
I am finally taking it down
B/F# G#m7

Right now I see you as you are
B/E B
And my innocence it drowns

CHORUS 1

C#m
And all of the colour
G#m
Entangled in the memories of grey
B F#/A#
Are all that fill my mind right now
C#m
And all of the oceans
G#m
That have come between us
B
Are calling me to find a way
F#/A#
to love you now
E
For I was made to love
B/D#
I was made to love

E
B / Bsus4 /
B

VERSE 2

B/F# G#m7
But I am afraid to let my heart go

B /E B/D#
Wandering back to where you are
B/F# G#m7

When did you become so small?
B/E

Is that a reflection
B
Of what I might one day become

CHORUS 2

C#m
And all of the beauty
G#m
Held up against the moments of pain
B F#/A#
Are all that fill my mind right now
C#m
And all of the wrinkles
G#m
The frailty and the fears
B
They're calling me to find a way
F#/A#
To love you now
C#m
And It's gonna take some time
G#m
It's gonna take some honesty
D#7/G F#sus4
To uncover all the flaws that we hide
C#m
It's gonna take some failure
G#m
It's gonna take forgiveness
B
To get it right
